Services**

To whom it may concern:

I have known Ad van der Rest from Visible Goal Limited for eight months while he has provided our UK subsidiary with HR consulting support on various employment topics ranging from recruitment to HR policy and case management.

I have been consistently impressed his professionalism, his reliability and his reactivity. I would also like to highlight his solid interpersonal and communications skills.

I recommend without reservation. Please contact me if you need further information.

Chantal MILLOT

Head of Human Resources
